## About Remedy

Remedy is a leading compensation consulting firm, specializing in the life sciences and broad technology industries. We partner with private, pre-IPO and publicly traded companies that are intent on improving the link between their people, how they are paid and how that ultimately translates into company success. Our clients benefit from fact-based consulting advice rooted in industry experience.

## Consulting

Remedy specializes in the following areas of compensation:

## Surveys

We believe market data is an important component in the advice we provide. In turn, Remedy offers in-depth surveys for select industries, including the life sciences and high-technology industries. Our suite of surveys provides you with comprehensive information, designed to support taking action.

## Forums

Remedy understands the need for industry-specific events and the desire of professionals to get to know their peers at other similar companies. We are committed to providing those opportunities to get to know one another, develop professionally, keep abreast of changes in the marketplace and discuss the issues that directly impact your organization.
